## CXW

C-Port's CXW Series is an economical support of heavier-weight conduit and piping, as well as any other heavy duty application. As with the CXP, the CXW is suitable for many types of roofing material or other flat surfaces. The 100% recycled material effectively accepts screw fasteners for securing one (1) or two (2) hole straps or clamps (sold separately).

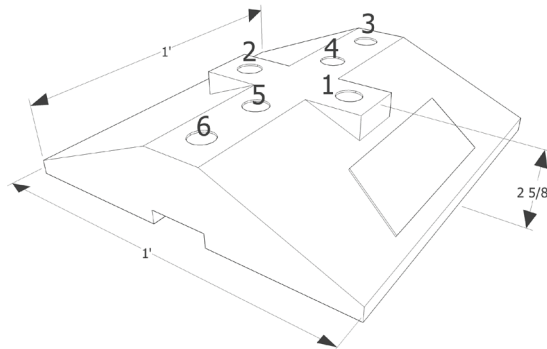

### Material

100% Recycled Rubber, UV Resistant

- Max Load** 1000 lbs
- Warranty** 10 years
- Recommended Spacing** Refer to local code

May qualify for  
L.E.E.D. credits

Distance between holes  
(MEASURED FROM CENTER)

FROM	TO	DISTANCE
1	2	3 3/4"
4	5	5 1/4"
3	6	9 1/4"

SKU	HEIGHT	WIDTH	LENGTH	WEIGHT
CXW12	2 1/2" (64mm)	12" (305mm)	12" (305mm)	9.56 lbs
CXW24	2 1/2" (64mm)	12" (305mm)	24" (610mm)	19.12 lbs
CXW36	2 1/2" (64mm)	12" (305mm)	36" (914mm)	28.66 lbs
